About Us....

With a combined 80 years experience, our ownership founded National Delivery Systems in Baltimore, MD in 2001. Over the past 16 years, National Delivery Systems has become a Transportation and Logistics leader in the Mid-Atlantic region and we have initiatives in place to continue our growth in the near future. Additionally, our drivers and staff are over 250 strong and growing everyday.

We have invested in the latest technology and software including Web based solutions, Imaging, Scanning and Full E.D.I capabilities. Our fleet is the most modern in the business with power equipment ranging from Cargo Vans to 53' Air-ride tractor-trailers.

Today, we have over 800,000 square feet of food grade warehouses that are strategically located across a five state region. Our network has the most comprehensive footprint to service all Transportation & Warehousing needs.

National Delivery Systems is a regional Logistics company offering a full array of Transportation and Warehousing services throughout the Mid-Atlantic & Southeast regions utilizing the latest in technology and software.
